A. Professional Recognition

The Hamilton Township Board of Education recognizes that the administrative/supervisory staff is a part of a profession which requires special educational qualifications and that the success of the educational program depends upon maximum utilization of these talents.

B. Support of Board of Education

The administrative/supervisory staff will work professionally and harmoniously with the staff under its supervision to further the cause of good education in this district while upholding Board policies. The administrative/supervisory staff will lend its professional knowledge to the Board in assisting in the development of Board policy; and will furthermore support the final Board policies and act as its representative.

C. Management Team Concept

The Board of Education and the HTASA recognize that the Hamilton Township School District can become more efficient in the administration of its schools through joint participation of all members of the management team, thereby bringing the best education to the children of Hamilton Township.

D. Major Decisions

The Board recognizes that the administrative/supervisory staff is part of the management team working with the Superintendent, Assistant Superintendents, Directors, and members of the Board of Education. As such, members of the administrative/supervisory staff who are directly affected and the Association will be consulted and have input on decisions affecting the administration of the schools. (i.e. new administrative positions, position titles and salary ratios, budget, schedule changes, building program, boundary changes, desegregation plans, school calendar, organizational changes and transfers, etc.)

E. Meetings

In keeping with the spirit of "Team Management" and the need to maintain communication, the Board of Education, the Superintendent or a committee thereof will meet with the Association Executive Board periodically as requested by either party. The Board and the Association heartily endorses the development of a management "Communication Committee" as a vehicle by which a common understanding can be facilitated. ARTICLE VII

BASE SALARY INFORMATION

The base salary for the administrators'/supervisors' salary guide for the 1988-89 school year is the average of the median and mean of Group IV High School Principal from the 1986-87 school year as reported in the NJEA Research Bulletin for Salaries of Administrators and Supervisors - **\$58,149** . The base salary for 1989-90 and 1990-91 will be determined when the data is reported in the NJEA Research Bulletin for Salaries of Administrators and Supervisors, School Year 1987-88 and School Year 1988-89. All administrators/supervisors shall be placed on the appropriate step of the guide.

It is established that during this three-year agreement, the concept used to determine the base amount for the 1989-90 and 1990-91 salary schedules will be followed. There will be no determination on a salary schedule for the second and third years (1989-90 and 1990-91.) However, the total package cost increase will be equal to 9.5% per year agreed to which includes salaries, longevity and training level increases. This item will be reopened for discussion at a time when the base concept figures become available with full knowledge that the present percentage range of +1.0241 and +1.18563 is open for discussion.

It is agreed that the base (100%) level for the salary proposal be calculated by averaging the mean and median salary of the Group IV High School Principals as published by the New Jersey Education Association in the School Administrators' and Supervisors' Salaries Bulletin keeping a two year differential.

Example: The 1986-87 base figure is used to determine the 1988-89 salary guide base. The 1987-88 base figure is used to determine the 1989-90 salary guide base. The base salary, rounded off to the nearest \$100 is used to determine the salary range of the high school principal. The high school principal's salary base is computed on a yearly basis. All other salary ranges for administrative positions are calculated as a percentage of that base.
